5 Quality Assurance8

Welcome to the Test Team Onboarding. Below you will find some tasks, by solving them you will find out about your colleagues, your workplace and workflows so you can soon operate on your own. The task are ordered in a "hands on" first structure. Nevertheless you can work on them depending your personal judgement and priorities. In any case, if you stumble or do not know what to do please do not hesitate to ask your onboarding-buddy or any other colleague around you - they also like to get to know you.

Test Strategy

- [Testing way of working \ Regression Strategy 2023](#)¹
- [Testing Sprint Activities 2023](#)²
- [Stable Testing](#)³
- [Defect Management WoW](#)⁴

¹ <https://sdp.i.mercedes-benz.com/confluence/pages/viewpage.action?pageId=928843844>

² <https://sdp.i.mercedes-benz.com/confluence/display/MYSTARAPP/Testing+Sprint+Activities+2023>

⁴ <https://sdp.i.mercedes-benz.com/confluence/display/MYSTARAPP/Defect+Management+WoW>

1 Testing boards and repository

- [Test Repository in Jira](#)⁵ - In the Mercedes Me App BerlinerLuft, all test cases for feature and regression testing will be available, whether they are manual or automated.
- [Git automation repo](#)⁶ - Automation git repo for Mystar Testing project.
- [Testing Board](#)⁷ - All internal Testing tasks should be logged and found here.

⁵ <https://sdp.i.mercedes-benz.com/jira/secure/XrayTestRepositoryAction!default.jspx?entityKey=MYSTAR&path=Mercedes%20Me%20App%20BerlinerLuft>

⁶ <https://git.i.mercedes-benz.com/Mbition-MBRDI-App-automation/MyStarAutomation>

⁷ <https://sdp.i.mercedes-benz.com/jira/secure/RapidBoard.jspx?rapidView=119675>

2 Test Data

3 For internal testing team:

- Vehicles: [My Star Test Vehicle Accounts](#)⁸ - All test Vehicle specs and information related to the Vehicle accounts
- Device:
 - [Android Reference Devices](#)⁹
 - [iOS Reference devices](#)¹⁰

Other Test accounts for feature\Release testing:

- [Mystar Testing Accounts](#)¹¹-All test accounts which can be used to do feature\Release testing for different regions

MOCK Data info:

Play around with the app.:

register at: <https://developer.mercedes-benz.com/>

you can use your **Mercedes-benz** mail - then you can login here:

- <https://bff-mock.risingstars-mock.daimler.com/ui/>
- you set on **your phone** the **stage** to mock and login with the same user
- the login tan is just random numbers received in inbox for appropriate mail.
- but then you can test functionality with the mock backend and the app.

Apps

- Where to get our apps: [AppCenter: User perspective](#)¹²
- Where to request Activate Service ID: <https://sdp.i.mercedes-benz.com/mic-jira/servicedesk/customer/portal/81>
- Build version:
 - Nightly build - Created daily latest and greatest code from Dev. Points to production BE and latest SDK.
 - Feature build - Created if needed to test Specific Story/feature and it Points to production BE and latest SDK.
 - Stable build - Created after each Sprint cycle. Point to PROD BE. Used for testing before releasing to Public.

4 Other info

- [Team Members Onboarding Page](#)¹³

¹³ <https://sdp.i.mercedes-benz.com/confluence/display/MYSTARAPP/Team+Members+Onboarding+Page>

5 Quality Assurance

- Continuous Integration: [Jenkins Jobs](#)¹⁴
- [Definition of Ready \(DoR\)](#)¹⁵
- [Definition of Done \(DoD\) Version 2.0](#)¹⁶
- [Localization](#)¹⁷
- Bug triage process:
 - ownership areas: ECE MyStar, SDK, MIC
 - [Defects Priority and Severity \(or impact\)](#)¹⁸

 Please do not select the check boxes, but instead copy this page to your personal space

Tasks, recommended to read, important links and to-dos

The essentials for Testing Onboarding:

- ☐ Get access to our app through [AppCenter](#)¹⁹ and install [MyStar App \(Nightly build\)](#)²⁰
- ☐ Look at our [test accounts](#)²¹, [specific test accounts](#)²² and login to one of them
- ☐ Add the [Aggregated accounts](#)²³ mbition.mobile to receive the Tan's
- ☐ Add the [MMC Tan Account](#)²⁴ to your outlook on Mac and iPhone.
- ☐ How I write/report a bug with the help of [Bug Template](#)²⁵
- ☐ Report a bug including a screenshot and logs and share it with the testing team

How to get access to test vehicles ([General overview and prerequisites for vehicle testing](#))²⁶

- ☐ Get the right to enter the test garage read and sign up here: [Garage training](#)²⁷
- ☐ Read and sign up for the [HV1/HV2 training](#)²⁸ which allows to test with EV vehicles

²⁸ <https://sdp.i.mercedes-benz.com/confluence/display/MBITIONINT/High+Voltage+Trainings+-+HV1+and+HV2+for+testing+on+electric+cars>

- ☐ If you got a **valid driving licence for germany** please do the [F2](#)²⁹ training which allows test drives and moving the vehicles. (You might also need to do a first aid training if you did not do one in the last 2 years)

How to book a test vehicle (FEPLAS and Confluence):

- ☐ Request right via Zula for Feplas: [Confluence instruction](#)³⁰
- ☐ Download the mobile FEPLAS app via Comp Portal app to your mobile phone [FEPLAS APP](#)
[Confluence instruction](#)³¹
- ☐ [Click here](#)³² and login with your credentials to GEW platform
 1. click on FEPLAS tile in home screen or Apps
 2. file is downloaded
 3. click to install this file
 4. Citrix viewer should open (another sign in with company credentials is needed)
 5. FEPLAS should open
- ☐ [Video on how to book with FEPLAS](#)³³,
- ☐ [FEPLAS book a vehicle Powerpoint](#)³⁴ and [FEPLAS training page](#)³⁵

Test vehicles: Before booking a test vehicle via FEPLAS make sure to put your name in the [Confluence Calender](#)³⁶ of this vehicle

[Confluence Calender](#)³⁷ for reserving a test vehicle:

- i. Overview of available test vehicles: [NTG 5-NTG7 test vehicles calender](#)³⁸
- ii. Put your name into the vehicle calender and book the same vehicle + time slot in FEPLAS
- iii. You get a confirmation mail for the booking
- iv. Go to the [key locker](#)³⁹ in the entrance and put your ID card to open/get the key
- v. After testing is done please go back to the locker and put in the key
- vi. Look into your FEPLAS app and make sure there are no 'active drivings' shown otherwise just end the driving there as well

Be aware for **Gen20x vehicles** there is another process to book/access the keys (slots and keys are booked via a shared distributor mail every 2 weeks), contact person: Casas Borregon, Jesus (148)"
jesus.casas_borregon@mercedes-benz.com⁴⁰

Access to external Bug reporting tools STARC, XSF and SIRIUS:

- ☐ Get access to [STARC](#)⁴¹ and look at our [STARC Docu](#)⁴² which explains how we sync bugs to our Jira
- ☐ [XSF Docu](#)⁴³ and how to handle tickets
- ☐ [XSF](#)⁴⁴ will be replaced by SIRIUS starting from June 13th 2023, e-mail for SIRIUS support (access etc.: mbox-connectsupport-scm@mercedes-benz.com⁴⁵)

Access to test case repos:

- [Test Repository in Jira](#)⁴⁶
- [Git automation repo](#)⁴⁷

Other Tools/pages:

- [Test strategy pages](#)⁴⁸
- [Defect Management Board Jira](#)⁴⁹
- [Confluence page for test credit cards](#)⁵⁰
- [Android](#)⁵¹ devices at MyStar
- [iOS](#)⁵² devices at MyStar
- [Launchdarkly](#)⁵³ ask **Team lead** to get you access rights for INT and maybe PROD environment

What is missing for a testing onboarding in regards to topics and instructions?

... regression process, automation knowledge

[Testing SIMs, Card Management](#)⁵⁴
